

Success Stories

I recommend Nature's Aid skin gel to my patients and they find it soothing and enriching on their skin in addition to being therapeutic for burns and skin conditions. I use it myself on a daily basis and my massage therapist uses it in her practice. I recently had occasion to use the gel on my sunburn. I applied it 2-3 times over a 12-hour period and found it to be soothing, but, best of all, I did not blister or peel. This is a product I will continue to recommend to my patients.

**Kate Reid,
Naturopathic Doctor**

Nature's Aid skin gel is an amazing product used by many customers here at Paris Natural Foods, the largest Health Food store in the Greater Sudbury area.

We recommend Nature's Aid to our customers because it works for just about everything. This very effective product outsells all of our other creams and gels combined, and is fast becoming a household name for its healing properties.

Nature's Aid customers tell us they love it for eczema, psoriasis, sunburns, acne, razor burns, itchy skin, cold sore, insect bites, burns, cuts, scrapes, bruised, rashes, pain, swelling, and various infections because they know they can safely use it on themselves as well as the kids and even the pets!

It's a 'beauty treatment – first aid' gel combined into one that has customers hooked on its benefits telling friends and family about it, and coming back for more.

Our customers love this unique gel so much, it's guaranteed to have a place on our shelves for years to come.

**Abdul / Paris Natural Foods
Sudbury, ON**

I'm a Registered Nurse in Sudbury. I've been using your product for ~5yrs (recommended by one of my sister's friends)...& I absolutely LOVE it...for just about anything related to the largest human bodily organ! I had obtained some of your pamphlets during one of my Nature's Aid purchases from Paris Natural Foods to hand out to family, friends, & most regularly to my patients with any form of dermatological problem.

P.S. THANK YOU WHOLEHEARTEDLY FOR CREATING SUCH A MAGNIFICENT NATURAL PRODUCT...MUCH APPRECIATED!

**Linda
Registered Nurse
Sudbury**

About 7 or 8 months ago, a friend recommended Nature's Aid for the psoriasis on my scalp. I had tried just about everything, but nothing worked. It drove me crazy. I felt immediate relief with my first application of Nature's Aid and it didn't take long before it was all cleared up. Even though the psoriasis has cleared up, I've continued applying it on my scalp (also my face and body) after washing my hair which is every other day instead of everyday and have noticed that my hair doesn't get as greasy. I've also noticed that my hair has more body.

The biggest **BONUS** is that I've been growing new hair. My daughter has noticed that my scalp is not as noticeable as before. I can see new baby hair growth on the sides and top of my scalp that are about 5 inches long. I'm just thrilled.

Joanne R.
Sudbury, ON

First of all, let me start by saying that I "Love, Love, Love" this product. Since it was first introduced to me about 5 years ago, I have not been without any. I have recommended this product to everyone I know and they too "Love" it!

Anonymous

A few months back, my cat came in from outside. I noticed right away that he had a large cut on his head just above his right eye. It appeared that he may have been in a fight with another cat. After examining his wound more closely I realized that it was very deep and that a large piece of his skin was off his scalp - about the size of a looney - just barely hanging on. I considered calling a vet but it was a Saturday and I knew that I needed to do something immediately. With warm water, I squirted his wound to clean. After drying, I applied a good "blob" of Nature's Aid on it. He didn't even blink an eye when I did this. For the next several days, I kept him indoors and continued applying Nature's Aid to his wound. Within 2 days the wound had almost closed up. Nature's Aid seemed to have forced any infection to the surface and I easily squeezed it out, but only had to do this a few times. After 4 days, the wound seemed completely healed and within 2 weeks his hair had grown back correctly and you would never know that had even happened to him. I tried to look with a flashlight to see if it had scarred, but I could not find anything. I believe I avoided what could have been a \$300 - \$500 Veterinarian bill!

Anonymous

I am one of those people that is prone to getting yeast infections. I sometimes have to apply a treatment from the pharmacy more than once to clear it up. Since finding Nature's Aid, I can happily say that I know longer need to buy these treatments. How it works, I don't know, but now I use Nature's Aid to clear this problem. I simply apply an amount to a panty liner and re-apply a few times a day. I do this for 2, maybe 3 days. This clears it completely up. I actually do not seem to have the yeast infections occur as often as they use to. This stuff is simply amazing!

Here are some other uses that I have for it:

- Bug Repellent (mosquitoes and black flies don't seem to like it)
- Takes redness out of any acne
- Apply to my face every evening - has evened out my skin tone and diminished wrinkles
- Damaged Hair - Once in a while, I apply Nature's Aid to my damp hair after I shower - it completely absorbs and leaves my hair shiny and reduces dryness and frizziness.

Thank you, thank you, thank you, for your wonderful product!

A Very Satisfied Customer

Kim L.
Ontario

I've been suffering with Multiple Sclerosis for 4 years and had been looking for something to lessen the chronic pain and muscle spasms in my legs. Nature's Aid was recommended by my Sister-in-law who uses it for everything for herself and her family as well as for her horses to reduce pain and inflammation. She says that Nature's Aid has replaced most of the products in her first aid kit.

Nature's Aid also gives me immediate relief from my injection site reactions. Just rubbing the gel over the area brings immediate relief; the pain, redness and swelling quickly disappear.

Thanks to Nature's Aid, the dents in my skin (a result of years of injections) have lessened. I have a constant supply of Nature's Aid. This miracle gel has helped me cope with chronic pain and my injection site reactions. I recommend Nature's Aid to everyone.

Kari T.
Sudbury, ON

Your product is wonderful - my 9 month old suffers from eczema and we cannot believe the difference already. Thanks again. :)

Dana
Ontario

As a surveyor, I work outside in any weather. Every year in February and March for 45 years, the skin at the corners of my thumbs has split, in spite of anything I can do to keep them warm and dry. It's really painful, and nothing has ever been able to help it, until Nature's Aid Gel came along. My thumbs still split, but Nature's Aid provides immediate pain relief, and healing within 36 hours. Simply apply Nature's aid and cover with a Band-Aid and you'll be OK.

Douglas B
Ontario Land Surveyor (Retired)

"I came across your product via a friend. She let me use it for an insect bite that I had gotten. The bite had gotten swollen and was very painful. Upon two applications of Nature's Aid, I could not believe how effective this product was. I'm going to the Middle East and will make sure to bring it."

Lillian,
Thornhill, ON

"I'm sure you know how fabulous this Nature's Aid is - just want to let you know how grateful I am to have been introduced to it. I'm constantly finding uses for it with great success and I really like that it is a natural product."

Mary
Ontario

I have long suffered from painful, open lesions on my face and scalp as a result of skin cancer and chemotherapy injections. These sores were almost impossible to heal until my brother suggested I try

Nature's Aid. Having no success with several other products, I was skeptical but what the heck. What a surprise! The gel worked, easing the pain almost immediately and healing the lesions within a few days. This stuff is the best! I use it on everything!

Christine Fay,
Goulais River

Nature's Aid is a remarkable product! When my dear mother was bed ridden, while dying of cancer, she developed a severe bed sore on her tail bone. The nurses were beside themselves, not knowing what to do and I discovered that at the hospitals, they use "Sunlight Dish Soap" on a piece of gauze and tape it to the wound!! Upon seeing this, I was mortified and brought a bottle of Nature's Aid to them and asked them to use it, as I told them I had been using it for many years for all kinds of skin problems. They applied it to the flesh wound a few times a day and within two days a scab began to form. (Unusual for cancer patients to heal so quickly - if at all). The nursing staff was so astonished by the remarkable results, that they asked me to get them some for other patients. My beautiful mother has since passed away, but would have been proud and happy to know that she was instrumental in helping others."

Marlene Shaw
Ontario

My daughter's friend has very bad acne and she has tried everything, including Proactive, so one night when she stayed over at our house, I got her to put a little bit on a spot on her face, she said it felt good, kind of a cooling feeling. In the morning, we were both amazed to see that spot was clear. So I had mentioned to her that if I found out where to purchase more, I would definitely let her know.

Michele
Edmonton, AB

"It is a pleasure for me to write some of the benefits of Nature's Aid. My own personal experiences are numerous. I carry a small bottle in my purse at all times and use it on everything, including staple punctures, paper cuts (these heal in 1 or 2 days as compared to more than a week from past experiences). If applied after an injury, from a fall (eg. scrapes and bruises) the scrapes heal in a day, the bruises may never develop but if they do, they are minimal and do not last long (only a fraction of the severity or duration that would be normal for me). When applied to varicose veins, they decrease both in size and discomfort. It acts as an excellent anti-inflammatory for bruises or sprains, painful joints, etc. After a dental appointment, rather than take pain medication, I simply generously applied Nature's Aid gel to my face - the pain subsided in about 20 minutes and I was able to sleep. I did awaken later with some discomfort, but I re-applied the gel in the morning and that was the end of my pain and discomfort. A man I know involved in printing had an injury involving a detached tendon in his finger. After a few weeks, the splint was removed, but the finger was feverish, painful, swollen and he could not bend it. He came into my office just hours after the splint was removed. I told him that people had told me that Nature's Aid worked for stiff and sore joints. He applied some to his finger and within 5 minutes, the heat and inflammation had subsided and he could move his finger. I gave him the little bottle I had with me. He continued to use it and within days the finger was almost completely normal. He has since purchased Nature's Aid and uses it for numerous things including severe cracks to the hand that printers incur with the use of the harsh chemicals and cleaners. He applies a small amount each time he washes his hands and the cracks in his fingers that normally take 2 weeks to heal are healed in 2 to 3 days. He says that he never goes anywhere without Nature's Aid. He also mixes Nature's Aid with hand lotion and applies it at night and says his hands stay soft and smooth."

Fran,
Mississauga
Health Food Store

"Large or small, when it comes to cellular repair, Nature's Aid is the answer. Fungicidal, bacterial, the versatility of this unique skin care products acts as a wonderful base gel for blending with essential oils. My clients expect and receive the best Natural Health Care. My thanks to Nature's Aid!"

**Douglas Taylor, Certified Massage Therapist
Smokey Lake Natural Health Centre (1991)
Owner/Operator, Edmonton**

My sister who swears by your product for herself, her horse, dogs and cat, sent me a bottle of Natures Aid to try.

I have severe Psoriatic Arthritis and could never begin to tell you the pain I suffer. I had a swollen ankle for two + years the size of a tennis ball on the side of my foot. I started Natures Aid on my feet and hands etc. I am in heaven!!.

My ankle is nearly back to normal and I can knit again. Now, I can't live without it I can never go back to that pain. My family doctor could not believe the results I got from your product.

In January 2008 I saw my rheumatologist in Halifax and she had taken pictures of my feet. They were so bad. When I go over for my next visit I will get those pictures and have my daughter take new pictures and send them to you. You will never believe they are the same feet.

It's a good thing I have webbed toes on both feet so you can be sure the pictures before and after are definitely mine.

Yours very sincerely

**Anna
Stratford, P.E.I.**

My Mother-in-law has been using your product since she went on chemo and her hands started to look like they were in a deep-fryer. It's amazing the difference after she started using your product and she is so much more comfortable.

**Brenda
Orillia, ON**

I am writing as my daughter is hooked on your product. She has very severe acne and it is the only thing which has helped. I live in Timmins, Ontario and was wondering where I can get Nature's Aid.

**Dawna
Timmins**

My dad is 80 and said this is the best cream he has ever used.

Winter

I had a spaniel dog that had to be shaved due to a bad skin condition. His skin was red and had open sores, so I decided to try Natures Aid. It worked like a charm, his skin cleared up in no time. I use it myself for cuts, burns and for my "puffy eyes". It is the best product I have ever tried, and I have tried a lot. I have stopped using face creams - all I need is Natures Aid. When my legs ache I just apply Natures Aid - within half an hour the ache is gone. A friend of mine had shingles so I suggested Natures Aid. She bought a bottle and it cured her "itch" It is very inexpensive compared to any other product. A 500 ml. bottle lasts me for a very long time it is excellent for so many problems and it works wonders for me. Thank you for the wonderful product.

**Lammi
Ontario**

After our baseball tournament yesterday, we all went out to Starbucks for coffee. After getting my coffee, my teammates were talking about their success stories with Nature's Aid and how they would never live without it. All the people who didn't know about it, all went out to Paris Natural foods and bought jugs of it. I had to laugh.

Our German Shepherd had really bad hot spots and really, really dry skin every where. Nature's Aid was the only thing that got rid of them and gave her any relief. Every time I take out the bottle of Nature's Aid, she comes running for more. It works like a charm.

Mel K.
Ontario

Hello...our Canadian family introduced us to Nature's Aid, and we love it! Is there a distributor who would send shipments to the United States? Thank you

Nancy, U.S.A.

My husband and I have been buying your product for about 3 or 4 years here in Edmonton, Alberta, and the store we usually buy at has recently closed. We have been to all the major stores one would expect your product to be found at but we have had no luck. Thank you for your assistance.

Your customer desperately seeking your product,
Michelle & Shawn
Edmonton, AB

I have used Nature's Aid for approximately two years now, but the Health Food Store that I bought it from has closed down, so I checked a very popular health food store, "Planet Organic" and they do not carry it, but they have had many requests for this product. I have psoriasis and this is the only product that seems to keep the lesions thin and stops the itch and pain. We have used this product for many things, such as bug bites, dry skin, blemishes, achy muscles, turf burn, etc.... If you could let me know where I can purchase more of this product I would really appreciate it.

M. Draghici
Edmonton, AB

I was introduced to your product about 2 years ago by a friend and have never found anything like it since. I was wondering where I can purchase Nature's Aid in the Toronto /GTA or in Ottawa/Kingston area as my original source was in Sudbury and I do not have a reliable source any longer.

Alex F.
Toronto, On

I am interested in purchasing Nature's aid. I have breast cancer and someone recommended Nature's aid for when I get radiation treatments

Alice
Ontario

I'm from Petawawa Ontario and I was just wondering where would be the closest place I could purchase a bottle of Nature's Aid. Thank you so much for replying! It's greatly appreciated. I can't wait to get more of your wonderful product!

LaBelle, Ontario

I have been using Nature's Aid for about 7 years now to relieve my skin after waxing. I used to work at a pharmacy in the Sudbury area and have since moved to Rockland, near Ottawa. Can you please tell me if anyone around here sells Nature's Aid? Thanks for the great product!

Dana B.
Rockland, ON

I am a HUGE fan of Nature's Aid, but I do not know where to purchase it in my area. I live in Caledon, Ontario; between Brampton and Orangeville. Are there any retailers in the Toronto, Mississauga, Caledon, Orangeville, Oakville, Guelph, Milton etc. areas which may carry this product? Thanks!

Dana
Caledon, ON

I recently purchased a small bottle of Nature's Aid and used it up quite quickly. I am wondering where I could purchase a larger quantity of this product in the Edmonton, Alberta area. Could you kindly send me a list of retailer's who carry your fine gel. Many thanks.

Edmonton, AB

I live in Pembroke Ontario and use nature's aid. I bought it in Sudbury but I don't know when I will be there. I am starting to run out and was wondering if there is a location closer to me. Thank you.

Robert G.
Pembroke, ON

I have been looking for the Nature's Aid gel in the Peterborough ON area but have not been able to find any. I am frequently in Lindsay, ON as well, where can I find it in either of these towns? I purchased my original bottle 2 years ago in Sudbury and it has lasted me to now, I love it!!

Thanks,

Tara S.
Ontario

I am wondering where I might be able to pick up more of this product. Who sells it in Edmonton, Alberta, Canada?!?! I cannot for the life of me remember where I picked up the bottle I have now! Thanks in advance and looking forward to your reply!!

Heather S.
Edmonton, AB

"Nature's Aid is great for everything! I use Nature's Aid on my own sensitive skin as a head-to-toe moisturizer and, also after being out in the sun or the dry cold. My mother has used Nature's Aid to help with post-surgery healing and my brother has used it to treat his infant daughter's mild eczema. I'm looking forward to an occasion to treat my pets with it! I'm reassured by the fact that Nature's Aid contains such clean and natural ingredients, unlike most commercial skin care products."

Dr. Angela Failler,
University Professor
Sociology, Women's & Gender Studies
University of Winnipeg

Hey, I'm 16 years old and have acne. I'm just wondering if nature's aid will cure it. I want to know how I should use this for my acne and how many times a day I can put it on. Also before I go to bed I have a facial cleanser. Would I just rub on the nature's aid over my whole face and blemishes and let it stay on overnight? Thanks

Anthony
Ontario

My husband emailed you about some information about ordering some of your product. I actually became aware of your product through one of your clients. We used to work together at a hair salon and he told me about your product because I used to have really bad cracks and dryness on my hands due to my work. He brought in a bottle for me to try and, it worked amazingly!! So needless to say, I'm wanting more! haha

Cindy L.
North Bay, ON

I received a bottle as a gift. Now I'm just looking to get a bottle for someone else. Thanks

Cortney
Ottawa, ON

We are Canadian but are currently in Arizona. My husband has shingles and has not slept for a week because he has shingles. The itching sensation is unbearable. A friend uses your product for eczema and recommended it. Where can we purchase it in Phoenix? Thank you so much.

Denise M.

I reside in Barry's Bay, Ontario but spend my winters in Florida. Our neighbour whose daughter is suffering with itchy skin from having dialysis 3 times a week is interested in purchasing your product after trying your product that I brought down with me. Do you ship to the USA and if so, would you let me know what the prices are for the following sizes plus shipping:

500 ml

1 Litre

4 Litres

Your early response would be very much appreciated.

Sincerely
Donna C.

I was introduced to your product by the lady that cuts my hair, Connie Mann of Mesa, Arizona, and I am interested in getting some for myself. Do you ship to the States and if so how much is a gallon?

Thank You

Dwain E.
Mesa, Arizona
USA

My sister swears by Natures Aid and I will be giving it a try very soon (can't wait to try it on my husband's lateral epicondylitis). I have a 2.5 yr. old and a 4 month old. I know you are working on a baby formula but could I use the present/non baby formula for them too? Sincerely,

Linda R.

Hi! I've tried your product, and LOVE it! Would like to know who sells it in my area.
SUDBURY, ON
Thank you!

Marnie
Sudbury, ON

We have just heard about your product but have been unable to sample it yet. A lady in a local health food store said that people are buying this to use on their horses. We have a Equine tack shop and would be interested in carrying your product if it would benefit our customers. Can you please let us know if you are interested in us being a supplier. Thanks in Advance.

Doug and Susan

I live in Milton, Ontario Canada and looking for a distributor in this area to purchase your product. We have purchased in the past, but no longer have contact with the original distributor we used to purchase from. Your help would be greatly appreciated. Thanks

Kathy
Milton, ON

The store that I used to purchase Nature's Aid has closed down (Organic Roots). Are there any other places in Edmonton to purchase your product? Thanks.

Shawn
Edmonton, AB

I really enjoy your product and would like to purchase some more but the store I get it from is always out or on order. I would like to know if any other store carries it in or around my area. I live 200 km north of Edmonton, AB. My sister owns a business number to sell and has a store that carries fabric, craft and art supplies, cleaning products. Would she be able to buy wholesale from you? What would be the amount on her first purchase?

Simon S.
Alberta

I have tried your product and love it - my husband picked it up in travels & I am wondering if there is a dealer near me. We live at Unity, Saskatchewan. Thank you for your time.

Terri M.

I was wondering where I could find Natures Aid in Toronto? Also I am interested in possibly carrying some for my business, I am a Fitness and Nutrition Coach. Could I get more details about it? Thank You, *Tina D.*

Toronto, ON

We need a phone # and address to order or buy the product. I have tried it and like it how do I get it? Thanks

Wayne

"While suffering from a painful wisdom toothache, I tried Tylenol and Advil. Neither worked. I guess my mother got tired of listening to me whine and complain, so she told me to rub Nature's Aid on my gums. She uses Nature's Aid for everything. This time I thought she had actually lost it. How could Nature's Aid help alleviate a toothache? Within a couple of minutes of application, the pain was completely gone, and the relief lasted well into the next day. Now when it aches, I rub the gel on my gums for quick relief. I keep a small bottle with me at all times -- for everything."

Riley

Ontario

"Nature's Aid is a necessity in my busy practice. With my twenty years of experience, my clients rely on my expertise in treating various skin conditions. I can say confidently that within four weeks of using the gel, redness, blemishes and inflammation are visibly reduced. This is a product that belongs in everyone's home!"

Wendy Goodwin-McColl,
Esthetician/Laser Technician
Business Owner

"Nature's Aid is a miracle formula? While rushing around to get ready for a pool party, I tripped on the cement stairs, badly scraping and banging up my shins. I immediately applied Nature's Aid, which gave me great relief. After a while, the swelling was gone and the scrapes were barely noticeable. It was like magic!! I totally trust Nature's Aid for any first aid treatment and recommend it to everyone. I also love to use the gel on face - it makes my skin feel so soft!"

Joan Smith
The Flower Store
Business Owner

I am contacting you about carrying natures aid in my store. It is a book and gift shop, but I cannot seem to get this product anywhere where I live and I know that it is popular. If you could please send me information about purchasing this product I would greatly appreciate it. Thank You

Lisa

A few months ago I fell flat on my face and cut up my hands and face very bad. My face was a mess and was convinced that I would be left disfigured. A co-worker gave me a bottle of Nature's Aid and told me that it would really help me. I was truly impressed with the results. I don't have any scarring.

I also had a mole above my eyebrow that turned black and was worried that it was cancerous. I was told by my Doctor that it would have to be surgically removed. In the meantime, I thought I'd try Nature's Aid. Surprisingly, after 5 or 6 weeks of applying Nature's Aid, the black mole just fell off. You can't even see where it was. My Doctor was really impressed and I was so happy to cancel my surgery.

I sent some to my father who rubs it on his joints and says it works better than anything he's ever tried. Nature's Aid is an amazing product. Thank you

Johanne B.
Ontario

I would like to order Nature's Aid. Can you send me some info on how to go about ordering.

Thanks

Ann B.

I was wondering if there are any stores in Espanola or Elliot Lake that sell Nature's Aid. I have just run out and love it. Thanks

Kathy

Burnaby, British Columbia

I'm wondering if anyone in North Bay, Ontario is selling your product. I used to get it from Bella Esthetics, but she has left the city. If it's not available in North Bay, could you tell me where I might find it in downtown Toronto? I appreciate your assistance. Best regards,

Jennifer B.

Hi there, was wondering where in the North Bay Ontario area (other then Bella esthetics) where I could purchase this wonderful product can we purchase from the site directly?? Thanks.

Jessica M.

Please forward a list of retailers in the Barrie area who sell your product. Thank you.

Joyce S.

Please forward a list of retailers or dealers in the Interlake/central Manitoba area.... Stonewall, Selkirk, Gimli and/or Winnipeg. I live and work in rural Manitoba (near Teulon) but do get to these communities regularly. Thank you.

Linda C.

I live in Windsor, Ontario and would a list of retailers who sell your products. Thank you,

**Annette
Windsor, ON**

I have recently been introduced to your skin care product and would be interested in purchasing. Could you please provide me with a list of possible retailers in my area. I live in the west end area of Winnipeg Manitoba, and if you could also give me an approximate price of the different size containers to help in the choice of purchase i would appreciate it.

Winnipeg, AB

Hi I live in Waterloo and looking for information on where to purchase your product here or close by. thanks

Mike C.

I was wondering where I would be able to purchase the product? We live in Guelph, ON and would like to know of a place near us, as well as, what sizes does it come in, and can I get the biggest size at the store or is it something that has to be ordered through the internet? Thank-you

**Miriam
Guelph, ON**

Please provide me with a list of health care professionals and retailers in the Cambridge, Kitchener and Waterloo Ontario region. Thanks,

Monique

Where can you purchase Nature's Aid products in the Sudbury, Ontario area.

Thanks.

Please supply a list of places to purchase this product in North Bay ON. Thanks

**Nora
North Bay, ON**

Need to find your product containing vitamin e, witch hazel, tea tree oil, aloe vera. Tried some from a friend purchased in Sudbury. Need to know if can purchase in Barrie Ontario. thanks

**Patricia P.
Barrie, ON**

Could you please advise me where I can buy your product specifically LIQUID GEL?
I am in the centre of the city of Toronto (Yonge and St Clair).

Regards,

Peter

I am in Edmonton, Alberta, can you tell me where I can purchase your products. In particular, I am looking to buy Nature Aid in the 4L bottle. Thanks for your assistance,

Rick,

Edmonton, AB

Could you please tell me where you are located? I am in Sudbury and would love to purchase some of your products. Thank you

Sharon

Could you please send me a list of people who sell this product in Edmonton, AB. Best regards

Sherry

Where can I buy it?

Stasha H.

Sudbury, ON

I live in Windsor, Ontario and would like a list of retailers who sell your products. Thank you,

Annette

Windsor, ON

Could you please tell me where the closest retailer in the Barrie/Orillia area is?

Thanks!

I was wondering if there is a retailer for these products in Saskatchewan?

Yvonne J.

Elbow, SK

I live in Ottawa, Ontario, Canada, I am very interested to know where I can purchase Nature's Aid. Please provide me with a list of health care professionals and retailers in my location.

Thank you very much.

Andrea
